Streptocarpus 'Seren'

Welcome to Dibley's 2009 Lucky Dip

As an excellent customer of ours we are very pleased to give you this wonderful opportunity to select your very own collection of favourite houseplant varieties at special prices.

Firstly, choose the size of collection you would like (5, 10 or 15), then select your first choice of varieties and second choice of varieties by writing the variety number shown on the photographs onto the appropriate boxes on the order form.

We will then aim to send you your own favourite varieties in a special low price collection. If we cannot match all your first choice, we will include varieties from your second choice for a lovely display of colour and form to meet your own preference.

Please take advantage of the envelope enclosed and this offer is open until the end of October 2009.

Lucky Dipping!

Kind regards

Rex Dibley

All plants we send are labelled, well established young plants grown in 4cm jiffy plugs. Full growing instructions are enclosed and we guarantee our plants for 30 days from the despatch date.
